

# McLay 671 Fortress Centre Console

Since the release of the McLay 671 Fortress Barr Centre Console, they have instantly gained a reputation of being a very strong, great handling soft riding boat that is also very stable at rest.

They are now our top selling export model range, selling like hot cakes in Australia as well as good sales to Europe and proving very popular with many other countries in the Pacific.

This boat has been updated and is imported from New Zealand by Reef Marine to suit North Queensland conditions and is the perfect boat for the hardcore fisherman.

When you're serious about your recreation and fishing, you have to consider a McLay Boat. Safety, function and comfort are your primary considerations. In other words, you need a serious recreational and fishing boat.

This belief in getting the basics right is why McLay Boats build their boats solid. Steve McLay has been building top quality, fishing boats for over two decades, and his impressive range of craft covers a wide spectrum of boating uses.
