BOAT OVERVIEW

The TERRITORY takes sports fishing options to the next level. Based on the NexGen Adrenalin Hull this exciting new model has options that give a wide range of options for anglers. The larger front casting deck incorporates an anchor well under the deck giving more deck space for lure casting or tossing a cast net. The Ultimate Edge Transom with more ribs for extra strength gives this model the option to handle rougher water while the wide body with reverse chines gives better performance and allows better small water access. The Territory is available in a few sizes to suit your needs. While it is a side console as standard, they are also available as a centre console if that suits your needs.

ADDITIONAL OPTIONS INCLUDED

- Paint Inside and Out - Pipeline Grey
- Deck Wash
- Deluxe Bait Board
